

Request to amend Protected Health Information (PHI)

You have a right to change or amend personal information about you that Optum® Specialty Pharmacy keeps. The Health Insurance Portability and Accountability Act calls this protected health information (PHI). PHI includes order information and other records that we use to make decisions about the services you receive.

Use this form to request that Optum Specialty Pharmacy change or correct PHI we have about you that you believe is wrong or missing. For example, an order for a medication that was not prescribed to you, but is in our records. Optum may deny your amendment request if the PHI that is the subject of the request:

1. Was not created by Optum,
2. Is not part of the Optum Designated Record Set (DRS),
3. Would not be available for inspection (including, but not limited to, exempt items like psychotherapy notes and situations in which the PHI at issue is no longer maintained in the DRS), or
4. Is accurate and complete.

If you have questions about this form, call us at the member telephone number located on your pharmacy materials. For assistance with healthcare information not managed by Optum, contact that entity directly.

This form should not be used to change your address, phone number or billing information associated with your account. You can update your contact information using your online account at specialty.optumrx.com.
